## FOOTBALL

During the fall months, McClatchy's rooting section supported its team with enthusiasm, yells, and waving red and white pompoms. The team showed improvement the past season, and with the fine squad of sophomores who came in last fall, an even greater improvement is expected.

Dave Thomas, called the best in a long time, was chosen for the All City Squad by a unanimous vote. Larry Gunter and Bob Elken were also named to this honorary team.

Four McClatchy teammates made the All City "B" Team: John Wilfley, Yukio Myiake, Ken Bartholomew, and Dave DaPrato. These are the players who will make our future varsity a winning team.

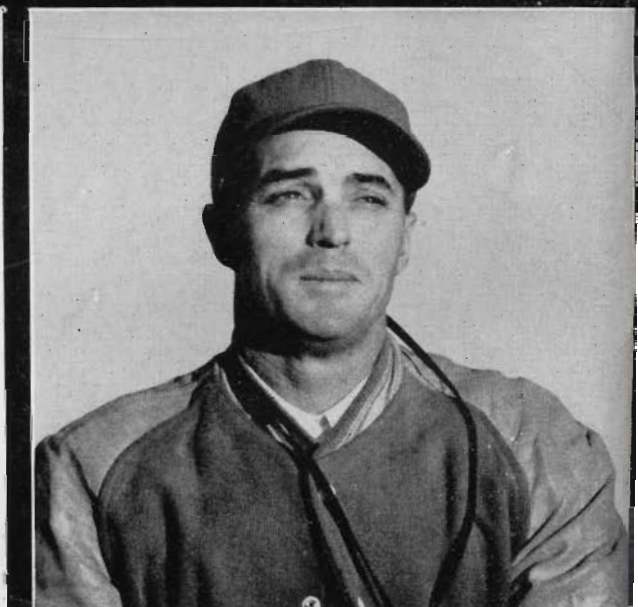

*Row 1*—Larry Gunter, Jerry Pesavento, Chuck Pollard, Fred Rose.

#### BASKETBALL

J. C. Masters again topped the list for all-city selection of basketball stars. Bill Ridgeway was chosen for the "A" Subs. Bill's long shots and J. C.'s shooting ability were high points of many games.

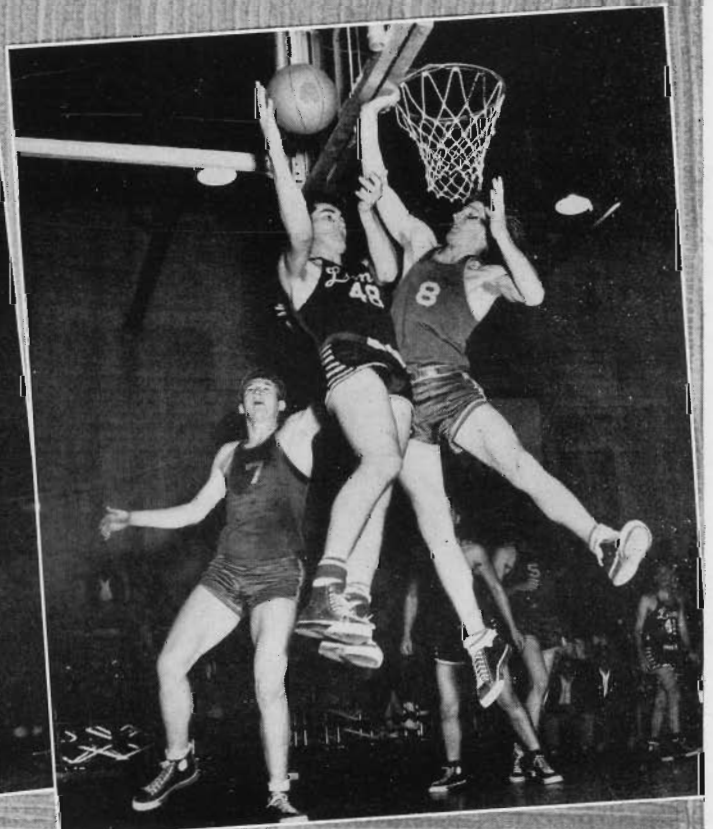

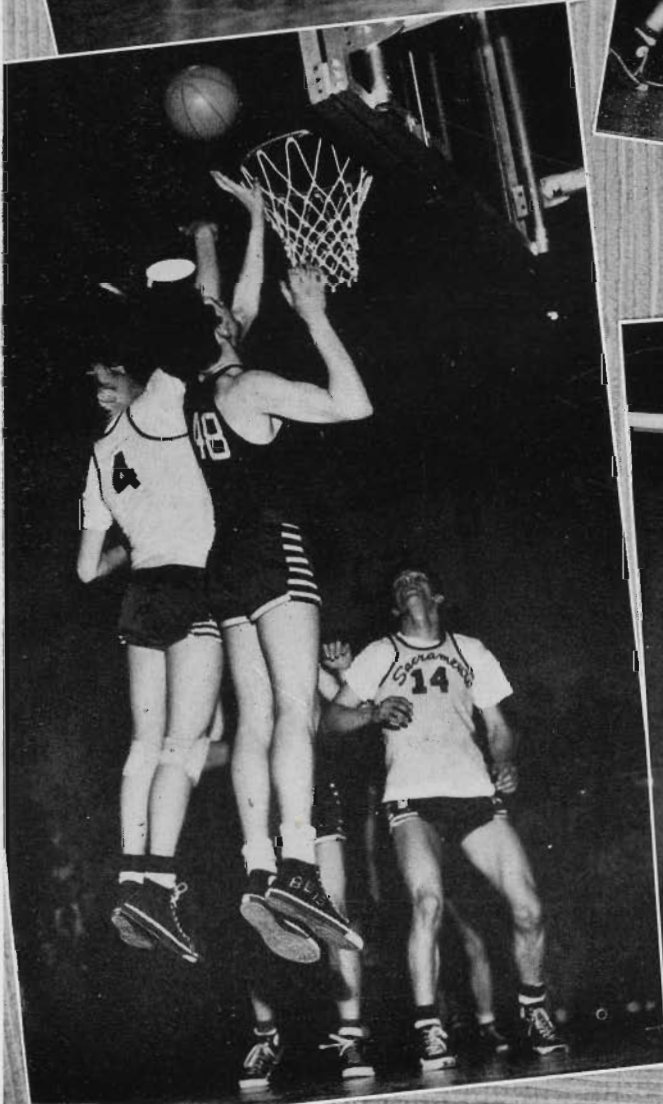

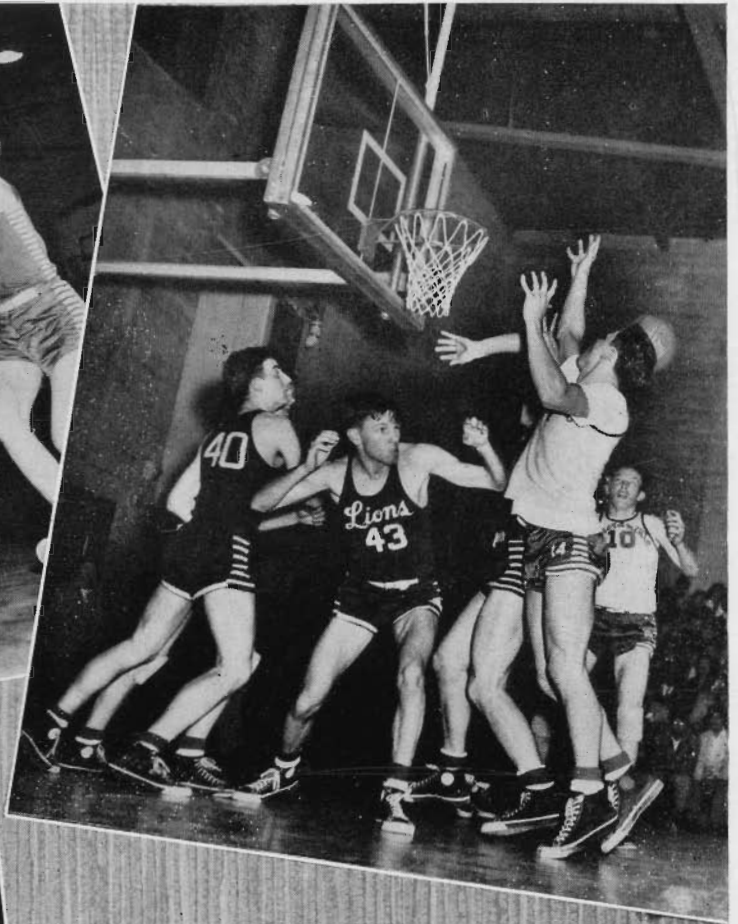

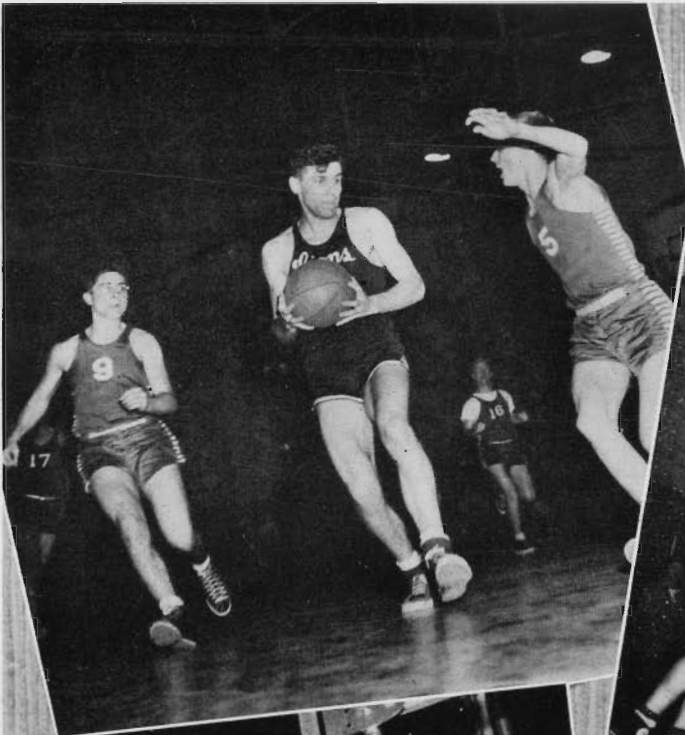

However, the team as a whole did not have too successful a season. Although our fighting five lost some games, as the scores testify, they lost by only a few points.

### TRACK

Two shining trophies have been added to our display window. These black and gold figures were won by our A and C track teams at the Woodland Relays on April 21. During the season, McClatchy's track teams have also had the honor of setting five new records.

In the A class, Al Baeta set a new score in the mile run with a time of 4:47.1. Jim Quan jumped a record height of 5' 8", and Richard Batelle's 19' 1½" set a new length in the broad jump.

Two members of the C class also established records. Scott Newey jumped a phenomenal 10' 6" to set an outstanding new record in the pole-vault, and Charlie Thomas' jump of 19' 6¾" easily broke the old broad-jump mark.

#### GOLF AND TENNIS

As we go to press, McClatchy's golf quintet has played an undefeated season. To date, the team has captured meets with: Grant  $11\frac{1}{2}$ - $\frac{1}{2}$  (two meets): Woodland,  $9\frac{1}{2}$ - $\frac{1}{2}$ ;  $11\frac{1}{2}$ - $\frac{1}{2}$ ; Sacramento;  $11\frac{1}{2}$ - $\frac{1}{2}$ . Two practice games, one with Sacramento Junior 7-5, and one with Stockton  $7\frac{1}{2}$ - $7\frac{1}{2}$ , have also upheld their good record.

Although the tennis season has not been outstanding as a whole, several players have shown superior playing ability. The couples team of Warren Coffeen and Stan Hack, and Royce Hodgkins have helped our side along in many matches. So far, the group has had three wins and two losses; several matches remain to be played.

They have beat Grant twice, 4-3, 5-1; they have lost to Sacramento twice, 3-4, 3-4. Only one match was played with Reno High School, and this was a win for McClatchy, 7-2.

These popular games are quickly gaining recognition as full-fledged school sports. This is their debut in The Nugget, and we are proud to give them a page.

### McCLATCHY MAKES HISTORY

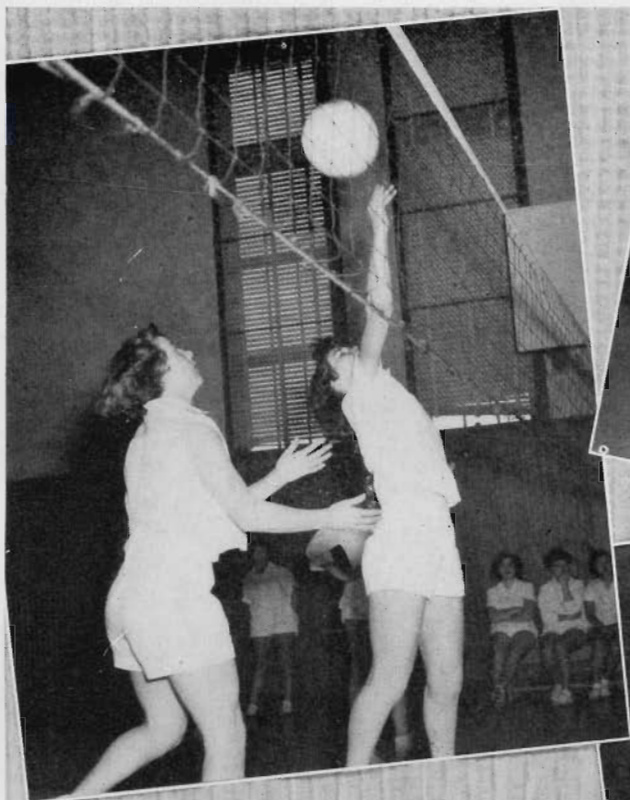

This year, for the first time in the history of any high school in California, McClatchy's baseball team has completed the season undefeated. Coach Perry can be justly proud of his team of winning Lions for the fine fighting spirit they have shown. The boys on a winning team must sacrifice many hours of their time. They start their long hours of practice at least a month before the season starts, and after practice begins, they stay every afternoon for the training that makes a winning team.

Several players have helped to make an outstanding team. On the pitching staff, Chris Christin and J. C. Masters helped to keep their opponent's hits to a minimum.

Looking ahead to next year, we are sure that Dick Traversi, hard-hitting first baseman, Pete Stathos, one of the best pivot men in the league, Bob Ayres, capable short-stop, Ralph Rose, and Jan Aitkin will keep McClatchy's nine a winning team.
