ACHIEVEMENTS

Now, at the end of two years of waiting to become Juniors, we find that the time has arrived and passed more quickly than we had anticipated. When the time did appear, we found ourselves prepared to do our part of the school's activities.

Our Junior Play, "June Mad," which uncovered many of the future actors and actresses of Hollywood, was the comedy hit of the year, judging by the laughs it received from the audience.

After many postponements, our Junior Prom was finally given with patriotism as the theme. Although the wind blew wildly and the rain leaked through on the dancing couples, the Prom was attended by a large crowd, and the congenial group had a good time.

Our last important activity, the annual Junior-Senior Banquet, was highlighted by motion pictures which had been taken of the upper classmen during the year. The navy was very prominent at the banquet, as we used a nautical theme.

As always, the full cooperation of all the members of a class is needed in staging successful activities; therefore, we believe that we can say our functions were successful, for we did have the full cooperation of everyone in our class.

To end a year of success and enjoyment, we find that our class has been well represented by all its members in the clubs, societies, and associations of the school.

ACHIEVEMENTS

In addition to being the largest and peppiest class at San Juan, we, the Sophomores, proudly point to our achievements in every form of activity. From the ranks of the Sophomores have come leaders in sports, scholarship, music and many clubs. After losing the Freshman-Sophomore Scamper, we followed through by putting over an always successful Sophomore Hop in the Barn Dance theme.

Without the assistance of our advisers, Mr. Clover, Miss Spiers, Miss Cale, Mr. Armstrong, Mr. Hogin and Mr. McArthur, our year could not have been so successful. To them at this time, may we extend our sincere thanks.

With such accomplishments behind us, we look forward to showing our progress as upper classmen of San Juan High School.

ACHIEVEMENTS

Looking back over our past year and seeing ourselves as we first entered San Juan, we feel that the teachers and upper classmen have done a mighty good job of "breaking in."

The Seniors were not easy on us in the traditional initiation, but the Sophomores were even worse when they won the Student Body Card Sale and gave us our second initiation.

Our highlight of the year was, of course, the Freshman Reception given by the rest of the school, which made us feel that we were wanted after all.

We are looking forward with pleasure to our Sophomore year, when we may walk back full-fledged members of the class of '44.
