## CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with  
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**OUT OF SIGHT! OUT OF MIND!**  
**OUT OF BUSINESS! . . . .**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

**THIS MAN NEEDS A  
HEARING AID...DO YOU?**

## **Why Not Learn the Truth NOW?**

**Have Your Hearing Analyzed The  
New Beltone Electronic Way—  
Without Cost or Obligation**

Strange as it may seem, you can actually be seriously deaf without knowing it. Sometimes one's hearing changes by such easy stages you don't realize what's happening. Instead you are annoyed because folks who used to speak clearly seem to mumble so you can't tell the difference between such similar words as life and knife—ball and tall or gray and pray.

Maybe one ear hears better than the other or you hear best in noisy places. You miss out on general conversation be-

cause you must SEE people talking to know what they're saying. You begin to suspect folk's are ridiculing you behind your back. These WARNINGS of deafness should not go unheeded.

If you have noticed any of these symptoms, consult our Beltone Specialist at once. He will make a thorough analysis of your hearing loss, using the latest electronic methods . . . and you owe him nothing for his service. Phone, write, or stop in TODAY for full information.
